**Subject:** Aquifer exemptions in R. 9- Request for input from 3/20/13 UIC Managers Meeting

Good Afternoon Ron,

I've checked and we have not approved any aquifer exemptions in the Region within the last year. Or in the last five years, or more, for that matter. We are however expecting one or more requests to expand existing aquifer exemptions (granted with primacy) in the next several months from the California Div of Oil, Gas and Geothermal Resources for expanded Class II activities.

Sincerely,

Michele
